RE: PLAN OF CORRECTION:

West Dade Surgery, DBA Vanity Cosmetic Surgery OSR# 350
Location Address: 8506 SW 8 St, Miami, FL 33144

Date of Inspection: 1/13/2016

Register physicians: Dr. Jonathan Fisher ME99849, Dr. Rafel Salas ME108242, Dr. Sidd Bass ME79410, Dr. Eric Valladares ME91049, Dr. Arnaldo Valls ME82727

Conducted by: Rachelle Springer, RN LHCRM

As of January 13, 2016 the office surgery center has begun implementing the following deficiencies:

Dr. Ismael Labrador, Administrator/ Medical Director of West Dade Surgery, DBA Vanity Cosmetic Surgery is responsible for the corrective action and ongoing compliance.

The administrative staff, RN, surgeons and anesthesia personnel have been in serviced for the following deficiencies and shall maintain compliance with Chapter 458.309 Rule 64B8-9.0091, F.A.C.

1. Tag #5 Equipment meets the current performance standard: All equipment was re inspected by Mart Medical Equipment a sticker was place an all the missing equipment. It would be the responsibility of Dr. Ismael Labrador, administrator in maintaining the ongoing compliance. See attached document.
2. Tag #8 Compliance with Patient/Procedure Records: Dr. Ismael Labrador and our staff had a meeting to discuss the value of a complete chart, and the importance of the operative reports. Both Dr. Mcadoo, Dr. Salas, and all the other physicians registered in our office have understood. It would be the responsibility of Dr. Ismael Labrador, administration in maintaining the ongoing compliance.
3. Tag #9 Type of anesthesia: Dr. Ismael Labrador has changed the anesthesia consent form, now all anesthesia providers can either circle MD or CRNA to be more specific on anesthesia provider. It would be the responsibility of Dr. Ismael Labrador, administration in maintaining the ongoing compliance.
4. Tag # 10 Missing CPT Codes: All Anesthesia logs were reviewed and re-written by the administration, all CPT codes are on site, and surgery logs are current. It will be the responsibility of Dr. Ismael Labrador, administration in maintaining the ongoing compliance.

5. Tag #18 Compliance with policy and procedures manual: At the present time Vanity chooses to perform quarterly assurance policies with all the doctors and employees on staff. It will be the responsibility of Dr. Ismael Labrador, administration to ensure compliance by conducting and documenting them quarterly.
6. Tag #19 Compliance with risk management program: At the present time the Vanity chooses to perform their risk management minutes on a quarterly basis with physician's review. It will be the responsibility of Dr. Ismael Labrador, administration to ensure compliance by conducting and documenting them quarterly.
7. Tag #26: Compliance with equipment and Supplies Required: Dr. Ismael Labrador met with his staff and discussed the proper ways of washing the instrumentation. At this moment we are only using single use disposable Laryngoscope Blades, staff is aware that they must wash in high level disinfectant or autoclave the Laryngoscopes if they were to re-use. minutes since Dec. 2012. RM only comes in once a year prior to inspection. 1 - medication Diprime is on back-order. (see proof from McKesson). Registration of staff does not match what the state has on file. There are quite a few anesthesia providers, RN, MA's, ST on site. Autoclave log documentation did not reflect each autoclave; peel packs were folded in the larger pack. Writing on the peel packs is in the wrong place. no documentation for the weekly cleaning of the (2) autoclaves.

Level I Surgery - No time outs being performed. Fat transfers are being performed. 101-50mg Benadryl is administered along with 1g of an antibiotic + 1mg of Lorazepam-PO. Cases average 1000 - 3500ml per procedure. These are findings from today 12-13-13.

Date of Inspection: 1/27/2016
Register physicians: Dr. Osak Omulepu ME99126, Dr. Orlando Llorente ME99849.
Conducted by: Rachelle Springer, RN LHCRM

As of January 27, 2016 the office surgery center has begun implementing the following deficiencies:

Estrella Rojas, Administrator of Encore Plastic Surgery is responsible for the corrective action and ongoing compliance.

The administrative staff, RN, surgeons and anesthesia personnel have been in serviced for the following deficiencies and shall maintain compliance with Chapter 458.309 Rule 64B8-9.0091, F.A.C.

Tag #5 The equipment meets the current performance standards: The refrigerator was re inspected by Mart Medical Equipment a sticker was placed. It would be the responsibility of Estrella Rojas, administrator in maintaining the ongoing compliance. See attached document.

Tag #7 Compliance with Pre-operative Records: Estrella Rojas meet with the all the staff and discussed the importance of the Pre-Operative sheet. Both the staff and Physicians understood that this page is only to be filled by the doctor. It would be the responsibility of Estrella Rojas, administrator in maintaining the ongoing compliance.

Tag #8 Compliance with Patient/Procedure Records: Estrella Rojas conducted a meeting with administration, and surgical staff to ensure all paperwork was done correctly. We discussed the importance of all recovery records. It would be the responsibility of Estrella Rojas, administrator in maintaining the ongoing compliance.

Tag #9 Compliance with Informed Consent: Estrella Rojas met with all O.R staff to ensure all consent forms signed the day of surgery are timed, we also discussed the importance of no cross outs without the patients initials or white outs in the patients' medical chart, staff was also made aware to place areas of liposuction and fat transfer on the surgery consents as well. It would be the responsibility of Estrella Rojas, administrator in maintaining the ongoing compliance.

Tag #10 Compliance with Surgical Logs: All Anesthesia logs were reviewed and re-written by the administration, all CPT codes and Adverse Incident are on site. It would be the responsibility of Estrella Rojas, administrator in maintaining the ongoing compliance. See attached document.

Tag #17 Compliance with anesthetic monitoring: Estrella Rojas met with Freitas CRNA and team manager Jesus Del Risco to ensure he understood the importance of monitoring each patient under general anesthesia every 5 minutes for blood pressure and heart rate. Also every 15 minutes for respiration, temperature, oxygen and saturation. It would be the responsibility of Estrella Rojas, administrator in maintaining the ongoing compliance

Tag #18 & 19 Compliance with policy and procedures manual/ risk management program: At the present time Encore Plastic Surgery chooses to perform quarterly assurance policies and risk management with all the doctors and employees on staff.
